

GIAN ANDREI B. GELAY

Full-Stack Developer

gelaygian@gmail.com • +63 997 574 3965 • Cagayan de Oro City, Philippines • www.linkedin.com/in/gian-gelay983b0a328

SUMMARY

Motivated and detail-oriented 3rd Year Bachelor of Science in Computer Science student with a strong passion for software development and graphic design. Committed to leveraging technical skills in real-world applications while promoting creativity and efficiency. Eager to contribute to dynamic teams and tackle challenging projects in fast-paced environments.

EXPERIENCE

Full-Stack Developer July 2025 – December 2025
Downtown Lounge CDO — Cagayan de Oro City, Philippines

- Engineered a comprehensive full-stack inventory management system featuring essential modules for effective product tracking.
- Crafted and executed a user-friendly frontend interface aimed at enhancing user workflows and overall experience.
- Collaborated with stakeholders to gather requirements, ensuring the final product met business needs.
- Conducted thorough testing for system functionality and user interface, leading to a significant reduction in bugs.

Graphic Designer August 2025 – January 2026
FLIQ Athletics CDO — Cagayan de Oro City, Philippines

- Developed custom sports jersey designs and graphics for diverse clients, ensuring brand consistency and high-quality visuals.
- Engaged with production teams to convert design concepts into finalized, print-ready formats.
- Oversaw multiple design projects simultaneously, adhering to tight deadlines without compromising quality.
- Utilized client feedback to refine designs, ensuring satisfaction and alignment with brand identity.

Full Stack Developer January 2026 – May 2026
Papicholos CDO — Cagayan de Oro City, Philippines

- Conceptualized and launched a tailored full-stack digital management platform for a local food hub, enhancing operational efficiency.
- Designed secure administrative dashboards to facilitate streamlined workflow management and data tracking.
- Implemented innovative QR scanning functionalities to elevate customer engagement and experience.
- Worked closely with the client to ensure the platform met specific business requirements and enhanced daily operations.
